- Flat when folded, it fits easily in your travel bag
- 3.5 - 6.35mm adaptor connects to all types of audio devices
- A 1.2m long cable that is ideal for outdoor use

PHILIPS
sense and simplicity

Highlights

40 mm speaker driver

The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Closed type design

Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality. This makes the headphones great for monitoring during live music or recording sessions.

Excellent sound quality

Acoustically-tuned design and high-quality drivers ensure best-in-class audio performance.

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Comfort ear cushions

The special shape and luxurious materials used for the ear cushions of these Philips headphones ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Real Flat folding

The headphone is designed to be folded flat, so that it fits in your travel bag easily.

Audio jack adaptor included

With this adaptor, you can use your headphone on equipment with either 3.5 or 6.35 mm jacks, giving you a wider choice of audio devices.

1.2m cable

The ideal cable length to give you the freedom to put your audio device where you want.

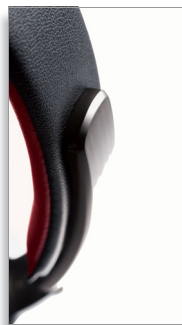

For easy storage & portability

The headphones can be folded in two ways: either into a compact sphere-like shape or onto a flat plane. They slip neatly into your bag or pocket and you can carry it with you always.

Allows extra room to move

With the extra length provided by the extension cord, you have more freedom to move around in a DJ set.

For a weightless fit on your h

The slim stainless steel headband is lightweight but resilient at the same time, so that it hugs your head securely while hardly adding any weight.

For booming sound & power

The speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that enables superior power output, delivers high-fidelity sound without any audible distortion.

for supreme wearing comfort

The ultra-soft headband cushions wrapped in a matching fabric with the ear cushions allow snug and secure fit on the top of the head, without adding any pressure to the skull.
